

Instal·laci3 de VirtualBox i vagrant

Description

El primer que m'he instal·lat 3s VirtualBox. El primer que he fet 3s cercar al meu navegador VirtualBox i he entrat al primer enllaç que posa Oracle VirtualBox.

The screenshot shows the Oracle VirtualBox website. At the top, there are several navigation links: Remote Desktop Sharing, Mobile Device Management, Patch Management, Secure against WannaCry, and Mac Software Deployment. Below these links is a search bar with the text "Ocultar". The search results show the VirtualBox.org website with the URL "https://www.virtualbox.org". Below the search results, there are several links: Download, Documentation, Community, News, Bug Tracker, Past Contributions, Licensing FAQ, and GPLv3. At the bottom, there is a section titled "VÍdeos de VirtualBox" with a row of video thumbnails: Instalar, Configurar, Tutorial, Máquina Virtual, and Windows.

Després, dins de l'enllaç, has de fer clic a Download.

Footer Tagline

A screenshot of the Windows download page on the GitHub repository. The page has a dark theme. On the left, there is a sidebar with the following links: "Operating Systems", "macOS", "Windows" (which is highlighted with a dark blue background), and "Linux". Below these links is a section titled "Release information". The main content area on the right is titled "Windows" in a large, bold, white font. Below this title is the text "Binary download". Further down, there is a section for "AMD64" with the text "Version: 2.4.9" and a "Download" button with a download icon.
